

PRDC **Power Research and Development Consultants Private Limited**® has always been reaching pinnacles in terms of Technology, Development, Quality thereby building Customers' Trust. **PRDC**

With our 30+ years of industrial experiences, one of our success factors in being a pioneer in power system consultancy is due to our extensive knowledge building and training programs.

Recently PRDC had organized a seminar on “**Recent Trends in Power system Protection & Automatic Fault Analysis System (AFAS)**” at Jharsuguda, Odisha (Industrial Hub of Odisha) which was conducted in the presence of our Managing Director **Dr. R. Nagaraja** along with our COO **Mr. S.K. Rout** and, Sr. Manager, BD **Mr. Anjan Pradhan** with invites from leading industries like **Vedanta Ltd, JSW Group, OPGC, OCPL, and Hindalco & Aditya Alumina Ltd.**

The highlight of the seminar was to bring all the key industrial players under one umbrella and the discussions were majorly on the recent trends in power systems and how our product AFAS was shaping up the industries in terms of the solutions that we provide. The seminar was highly appreciated by the industrial technocrats who were looking for such a rewarding solutions in their daily operations.
